Small Projects

Logsdon reminded Herron that even though the board approved for him to spend up to \$2,000 on small projects, he still needs to check with the Auditor’s office and make sure money is available in that particular drain’s fund. Herron stated he has and will continue to check the balance first.

Logsdon asked Robinson if Herron should have a quick contract written up for these small projects. Robinson said it would be good for Herron to have a record of the agreement. Logsdon asked Herron to work with Robinson to come up with a form contract which can be used.

Rininger made a motion to adjourn. Gogel seconded. All in favor. The meeting was adjourned at 12:00 pm.
